

## CorpoBack Price List – March 1st 2013

### Trial Period License

This free license allows you to use CorpoBack for 30 days. It includes support for 1 Windows server and 2 computers.

### Servers and Computers Licenses

This license mode allows you to select any number of servers and computers.

#### Base Server

**CBK-1S-5C**                    **\$ 1,495**                    Base CorpoBack server. This includes support for 1 Windows server and 5 computers.

#### Additional Servers

**CBK-1S**                        **\$ 695**                        License for 1 Additional Server.

#### Additional Computers

**CBK-5C**                        **\$ 195**                        License for 5 additional computers.

**CBK-10C**                      **\$ 350**                      License for 10 additional computers.

**CBK-20C**                      **\$ 630**                      License for 20 additional computers.

**CBK-50C**                      **\$ 1,415**                    License for 50 additional computers.

### Windows SBS License

This license allows you to backup 1 server and 25 computers for Windows SBS. CorpoBack must be installed on a Windows SBS Server for this license to work. It is possible to add 2 more servers and 50 more computers for a total of 3 servers and 75 computers.

**CBK-SRV-SBS**                **\$ 895**                      Windows SBS License. It includes support for 1 server (max. 3) and 25 computers (max. 75).

### Site License

A site license is available. In this mode, CorpoBack is not limited in servers or computers. The cost for this license varies. Please contact us for details.

### Maintenance Plan (Support and Updates)

The maintenance plan includes phone support to the CorpoBack administrator and to all software updates. It is included for the first year with the base license. After the first year the maintenance plan is 18% of the licenses at the list price.

### Installation and Training

CorpoBack installation is simple and can be done by your network administrator. We are available to do the installation or for training if you wish. Please contact us for details.
